GAME OF KINGS

Rules

Unlimited number of players. The King is in the tower protected by four knights and 8 archers. The spinning top is an evident danger. The aim of the game is to knock over a maximum amount of characters. Points are scored as follows.

♦ **King = 100 points**

♥ **Knight = 50 points**

♣ **Archer = 20 points**

- The number of rounds is defined by the players.
- The scores are obtained by the addition of individual points.
- The winner is the player with the maximum number of points.
