HOOK A SKITTLE

Rules

The aim of the game is not to knock down the skittles but to pick them up with the ring.

Taking the wooden handle, tighten the cord which enables the ball to come towards you. Slide the ball back to the post, then bring it back towards you again guiding it to pick up a skittle on its way. The number of points scored is indicated in front of the hole left by the skittle.

History

This game reproduces one in the museum's collection dating from the beginning of the 20th century.
